This game is currently hosted by GameWatcher and.Q: Magento 2: How to Get Order Status I am trying to make a custom module that gets the order status based on the status value, however I am not seeing any methods that I can just use for this. Magento only states that getStatus() is the method you can use, but it does not state how to pass the current order. How can I get the order status value?

A: You can get the order status from the order object, The following is a snippet from my implementation, \$orderId = (int)\$order->getId(); \$orderObj = \$order->load(\$orderId); \$orderStatus = \$orderObj->getStatus(); A: Try this, \$order->load(null, \$id); \$orderStatus = \$order->getStatus(); Q: Can this be improved? var someFunction = (function () { var baseA, baseB, baseC, baseD; baseA = baseB = baseC = baseD = function() {

Lego Marvel Super Heroes 2.01.18 Source Code (PS4).OTTAWA — Canada is losing a massive trove of personal information, and that will hurt national security efforts by monitoring people trying to enter the country, a top privacy watchdog says. The country's privacy commissioner says Canada's border security system is being overwhelmed by migrant travel data given by migrants and through them, to federal authorities. "It may be very difficult and intrusive for them to get in to the country... and that's a problem for Canada," said Daniel f30f4ceada
