I've already used the software I was looking for and it did not do what I needed. You understand my requirements. April 6, 2013 ZOOK MBOX to EMLX Converter Rating : -Overall: Pros: Compact and efficient. Cons: For Mac users only At some point, I needed to convert a few MBOX files into EMLX format. Well, what I found was ZOOK MBOX to EMLX Converter. It's an application from ZOOK Software and I've got to say, it does a very good job. I had never used it before but when you need to do something quick and there is only one piece of software to be trusted, this is definitely the one. I just loaded my MBOX files, selected the location, and clicked the Convert button. If you have over 30 files with multiple attachments, you might get frustrated with the process or waiting for the conversion, but I got it done within 10 minutes. The app is very intuitive, and you don't need any fancy training to get started. Right after the conversion, you can open your e-mail client and find all the files you have just converted - no problemo! Another good thing about this application is that it does not require any email client to operate, so you can use it even if you're on the road and don't have any access to your email account. Regularly used and really good. February 18, 2013 ZOOK MBOX to EMLX Converter Rating : -Overall: Pros: Easy to use, performs like a charm. Cons: Doesn't support Win7. The product is worth every
