All this is in a text / html file, how to upload it to FTP? Thanks Hello. I have a question: Why are there no settings in the "Settings" section in the "Settings" item, such as in the "Settings" item in the "Settings" - "General" section? Those. Not even a setting option. Why is there no choice: "Settings" - "General"? Everyone in the "Settings" section in the parameters "General" "Sound settings" "Video settings" "Network settings" has settings, but I do not. This is fine? Thanks in advance
