The Chinese Health and Marriage Policies have been very much in the news in recent days, for obvious reasons. The Xiong'an New Year Exchange was a huge success, bringing together over 2,000 couples, leading to the birth of over 13,000 children. If you can have a successful Xiong'an New Year Exchange, the rest of the year should be a

cakewalk, because it's a big impact for the society and families. China has a fertility rate of 1.9 children per family. Its government has recently launched a national plan to move it to 2.1 children in a family by 2020. Below is a map showing China's population density: China also has the only known reserves of uranium in the world, and this has attracted the attention of many countries seeking to find resources. Negotiations are also under way for over 100 billion US dollars worth of oil in East China. The US is seeking to dominate Eastern Asia and needs China to give up their oil reserves in order to do so. China has purchased an icebreaker to cross the 1cdb3666d
