Tales from Candlekeep is an old game about the adventures of a group of adventurers adventuring through the realm of Candlekeep. In our previous entry, we had our heroes band together to find an artifact in old Malbolge, the ancient cold and wet land of monsters and evil. In this DLC we set out to find and stop the forces behind the latest plague sweeping through the ancient haunted capital of Candlekeep. -- SETTING -- In the wake of an even more recent plague that decimated the population of the capital city of Candlekeep, a rash of ancient undead has begun to walk the city streets, terrorizing the population. The government has called on the Heroes to stop the death curse and earn glory. - ARTIFACTS -- As you explore the corrupted city streets, you will meet the head of the undead conspiracy and learn the origin of the curse on the hapless cityfolk. - A HEROES RPG - The characters featured in this adventure are ready to explore, fight for glory and stop the Plague of Old. Every character plays differently, and you can learn new skills and powers as you adventure across the city. The game also includes multiple difficulty settings, an overworld map, optional secondary quests, multiple endings, custom dice, optional miniatures, custom enemy types, and the possibility to explore the world of candlekeep as the grimm. - TRACKING THE RISE OF THE VAMPIRES -- To provide further immersion, we have added a new step to the character creation process called Artifact Questing. Once you finish your Artifact Quest, you will earn points that can then be used to purchase new artifacts. Keep in mind that the artifacts you create can also be used in campaign mode. - RULES OF GAME LAWS -- To expand the variety of rules you can use with the game, we have added two new scenarios, the Mythsaw Campaign and the Maiden's Crusade. Both of these scenarios can be played with the standard campaign rules, and the rules for Mythsaw Campaign include additional campaign rules not included in the standard rules. - SEASON PASS -- In addition to owning the game, you will now also be able to own the DLCs as they are released. To learn more about the Season Pass, and to purchase the DLCs individually, please visit us at www.talesofcandlekeep.com About the Game Tales from Candlekeep - Qawasha the Human Druid: Tales from Candlekeep is an

Editorial Reviews Play.com November 01, 2013 Uncanny By: ClumsyStu 5 I was lucky enough to grab this early and it's an absolute blast. I cannot fault the sound, nor the graphics, I just wish that the gameplay was just a little more complex. But you get a nice endless number of stages, plus the slightly dark themed visuals add the atmosphere to it. You must collect the fruits that cover each stage and break them in order to progress. Upon the completion of a stage you will see what fruits you have collected. There is also a nice time attack mode that'll have you trying to beat the high score as you travel through each stage. I enjoyed the game so much that I've already played it on my phone. If you want something that's a nice 'just for fun' download then this is a very polished and enjoyable download. Pls Buy This Game Because Its Very Good Pls Pls Pls. By: Dice60 4 Uncanny is a good platformer game. I like the music and the sound is nice and entertaining. I like the classic series of platformers. It has beautiful graphics and a good platform design. I like the level design. I like that you can collect all fruits but if it goes backwards then you lose some of your collectibles which is a bit of a bummer if you look at the game as a whole. It has a good fun enough time to play for a while but I am not sure

Travel to the remote, savage frontier of Corovus with the Pathfinder Roleplaying Game Adventure Path, Red Queen! Like the myths of old-time Northern legends, the desert of Corovus runs red with blood. Beyond the burning sands lie barbarous hordes, resource-rich land, and the ruins of ancient civilizations. Through the wilderness, a corrupt city is gathering soldiers from exotic lands to prepare for a full-out war. However, the natives of Corovus have other things on their mind—to take a slave from those barbarians and force her to watch as they rape, torture, and murder her family in their most sacred of rites, the Red Queen. This adventure pack is the beginning of the all-new Red Queen Adventure Path, written by Darcie Purcell and James L. Sutter. The Pathfinder RPG is a revolutionary roleplaying system that brings an immersive fantasy experience to your tabletop. The Red Queen Adventure Path sees players take on the role of brave and heroic heroes as they battle through a series of harrowing adventures, enduring trials of courage and strength, saving strangers and unearthing ancient mysteries. PCs must brave the brutal elements of the wild and track down a powerful new artifact known as the Flayed Scarab, which holds the key to unraveling the horrible secrets of Corovus. While in the desert, PCs must contend with endless sandstorms, powerful magic, vicious raids, and other dangers. For the duration of their journey, PCs are in contact with a barbarian, the iron-jawed Wolf King.
