The Wow Factor of a New Fantasy Drama

Players of the legendary role-playing game (RPG) have become more sophisticated in recent years, and have tried to move to the next level with series like the “Dragon Quest” and “Final Fantasy” series. Even though these titles have a large following, they lack something that could bring new players, and thus the core audience.

RPG buffs that are drawn to the game by the unique atmosphere of previous titles may end up seeing the game as a simple dungeon RPG. However, “Elden Ring” is different from previous games because it has a more active element to play in combat, while retaining the fantasy elements of the world. It is a game where either the player or the characters embark on a journey in the lands between to face monsters and break the yoke of an evil empire. In the story, this world was also covered by a magical curtain, one that has yet to be broken. A certain “Ring,” similar to an amulet, is the only way to enter the “Lands Between” to make your wishes come true.

A Tale and Adventure that You will not Let Go

In search of the ring, a traveler arrives. While the player gets enthralled into the worlds of monsters, and the music and atmosphere invigorate, they realize that they are in the midst of a drama that is uncovering itself. Will they be able to break the curtain of the land between? To the right, there is a sword, to the left, a bow. Raise your sword and arrow, and take a step forward. Ready to take a leap into this role-playing game which has any amount of excitement as the fantasy adventures of old, the first chapter of “Elden Ring” will be released exclusively on the App

No posts in thread In the time of ancient legends, the world was like a blue-green lake, wherein the gods lived in the sunlight. Then the five war gods, or dragons, and the Son of Heaven waged war at the heavens, spewing blood. After the primal gods lost in the fights, embittered they plunged their will into the blood-filled land, shaping it like their dreams. Máximo and Galeras had a dream. They wanted to become big-hearted heroes and conquer different lands. Galeras wanted to go to the west. Máximo just wanted to conquer everything and just drink as much of the blood as he could. But they aren't ready to come back yet. Unknown to the world, Rune, Galeras's closest companion, sat as his silent servant inside his hermit's cave. Standing in the wind, her translucent fingers combing the beaches as her somewhat blood-smearred face gazed to the gray skies. "Do you feel it?" said the wind. "An energy awakening. I feel it. They're coming." She felt everything around her. From the volcanoes to the roiling sea, everything was alive as it was always would be as it would be long after she was dead. An infinite chain of births and deaths, being born and being reborn, causing her to grasp the worldview of Heaven. Galeras stretched as he wondered what awaited in the south. "Let's go, Máximo." He also felt the want for war and so he shook his hand from the depths of his feet to his head, ready to face anything the world could offer him. His fists clenched as he looked forward at the endless sky and he felt his muscles rippling from the determination in his chest. "RUNE! I WANT TO MAKE WAR, I WANT TO MAKE WAR!" Galeras growled while standing up, his eyes glowing with a concentration full of excitement. Rune smiled as she wondered who the new hero was. This was a male and she almost felt dumbfounded at that she didn't know any male, save for her ancient master. Her thoughts were gone in the wind, on the future and on her home. "Rune. We'
