**"The Elder Scrolls Online may not be as good as the last Elder Scrolls game, but it's pretty damn good. It's a faithful successor, though. It's a great game.... They weren't joking when they said that Morrowind was the spiritual successor to Oblivion, but this is much better." - IGN "The Elder Scrolls Online is the maturation of the Elder Scrolls series in all aspects of video games.... It's a visually stunning game and the core gameplay is top-notch." - Game Informer "Elder Scrolls Online is a huge upgrade from its predecessor, offering an exciting new take on the fantasy RPG series in ways that Elder Scrolls fans expect and it even manages to do so while adding in interesting new gameplay ideas." - GameSpy "The Elder Scrolls Online has the potential to turn out to be one of the better action RPG experiences of the year." - GameSpot "Elder Scrolls Online's graphics are very similar to those of the Elder Scrolls games of old, but it's the gameplay that really makes the difference. It's a very fluid and intuitive action-based RPG, and the class system gives you plenty of choices to make. Players who like a little RPG action can play as a dual-wielder, a rogue, or a hack-and-slasher." - GameTrailers.com "The content level is staggering, and this is without the benefit of being able to group.... The class system is rewarding, requiring that you learn how to play in order to fully understand how it works.... It's a great deal of money on content at this time, but it's also very expensive to keep buying it." - IGN.com "The Elder Scrolls Online is a massive undertaking, but it looks like it will succeed with its promise of epic online battles and single-player adventures.... I look forward to spending more time in the world of Tamriel." - GameTyrant.com "The features that make the core Elder Scrolls action RPG experience shine in ESO seem to be more refined and refined. The questing is surprisingly dynamic, and the massive map is to be admired as much as the multi-layered combat mechanics." - Rock, Paper, Shotgun "These small touches make a big impact. The wealth of customization options, the tactical combat, and the vast world full of adventure make bff6bb2d33**
