Awesome game! Might be one of the best Action-RPG's I've played by KINGMOTHSTEEN, Steam ( ) 06/17/2016 FANTASTIC GAME! This is a great game, hard on the systems but that is what it needs to be and I don't regret my purchase. I just find that there needs to be more variety added to the game where the items and currency are limited to what you find and in what order you find it. I'd love to know if there is more material out there, or some path that allows a player to build their own currency. All in all a great addition to the game. Unique, fun and innovative by KipperHero, Steam ( ) 06/10/2016 As a fan of 'Dungeons & Dragons', I've always wanted to play a game that truly captured the feel of that world. What I didn't expect was to get something with deep RPG depth at the same time. An action/RPG which allows you to really customize your character that doesn't just end at a huge set of options and feats. Sure, you can level up and use special abilities to overcome enemies, but you can also work with your party to

overcome the greatest enemies in the game. Tarnished Knight is an excellent game with a unique, fun and innovative fusion of 'Dungeons & Dragons' and 'Dragon Age'. This is definitely a game I'm going to be playing for a while to come. Elden Ring Cracked Version is Great by Leuser, Steam ( ) 04/10/2016 In my humble opinion, Elden Ring Full Crack is a pretty good Action RPG. If you like to play like a real fantasy role-playing game, it's worth it to spend some money on this game. And while the main story is great, if you like to become a strong character and join another server than the main one, the Side Quests are worth checking out. It would be good if, you can skip some of the empty shops, but other than that, I'm sure the game is worth it. Better than I expected by GG\_VideoGamer\_In, Steam ( ) 03/31/2016 I've played Tarnished Knight on and off for the last month or so, and while it has some flaws the game is phenomenal.
