and you will have to accept the agreement. Do not close the setup window. 2. You will be asked to register to play. If you do not have an account, create one. 3. After registration you will have to create your character. Choose your name and gender. 4. You can make your character as you want, but the following features have to be set: - Base, Strength, Dexterity, Constitution, Vitality, Endurance, Mind, Power, Psionic, Armor, Weapon - Equipment, Gestalt, Art 5. Now the game will be launched and you will be in a connecting screen where you can join one of the sections (Open World, Land of Mystics, Estanza, Mirage, Sacrosanct) or you can login to a multiplayer server. 6. The server will start and you will be able to choose a server. Start to play with your character, choosing one of the three already made characters. The server have a map which is not a map but a world, you can get around in a city, cities, or a dungeon (the three designed for this game). Videos of the game: ===== Elder God's Sword Channel Point Contributor By: Sidon ===== The following text was written by SIDON, a level 28 archer with 8 years of experience in Heroe's Creations games, about the game ELDEN RING. • The entire video is in the background, in English. • I do not use any cheat or use hacked game files, and I can guarantee you that it is the real game, because this is the original, unbought version in the store. ===== Elder God's Sword Channel Point Contributor By: Sidon ===== I don't know if the picture below has been edited by Splyce, because in several chats of his, he talked about making it to that level, but he never get that chance, because as a new player you can't work with other characters, you are stuck with your character. So, this is how he looked like, with a level 5 torso, a level 27 legs, and a level 18 head.
