Sound BOMB is an Audio Research Collection of more than 2,000 drum and percussion drumloops, synthesizer and electronic samples in 24-bit/44.1kHz WAV and AIF format. This collection is arranged by instrument category and includes one-shots, loops, sequenced, and acoustic drum kits of various styles, single drum kits, instrumentals, percussion, percussive, synthesizer/keyboards, electronic drums and much more! SoundBOMB are drum loops & clips with sound effects. Very high quality production, perfect for Hip-Hop, RnB, Drum and Bass. All loops are formatted in 24Bit 44.1kHz. We have separated the drums into their different categories: "Acoustic kits", "Combos", "Snares", "Cymbals" and "Vocals". Combos also included are sound effects and the "FX" category. Percussion and electronic drumloops are located in their own category. The categories are all placed in one folder, for easy use when searching for your perfect drumloops. Soundclash is the best place for Drumloop, Dnb, Future House, and many more. If you love our Drumloops and Wavpacks, please consider to donate a small amount to keep Drumloop alive. Thanks you for your support! These Drum Kits are all MIDI files in separate folders. turbofan engine. The reconfigured airframe will feature the new engine, and measures 50 feet long and 29.2 feet wide, compared to the original 119.5 feet long and 66.2 feet wide. A 150,000 lb thrust engine powers the aircraft to a maximum cruise speed of 180 ktas. The single-engine, twin boom aircraft will land at 46,000 ft. Standard equipment includes a pilot, navigator, and flight engineer. A major redesign of the aircraft is designed to cut roughly 25% of the weight of the original, yielding a 15% increase in range for the 21,821 lbs aircraft. The new cabin features a 16x11ft section with 57 seats and can accommodate 150 passengers. The aircraft is equipped with a new glass cockpit, and is the first aircraft to be fully integrated with the airline's fleet operations management system. The new Boeing
