What's new in WITCH-BOT MEGLILO:

A rare steel bust of a skinny woman, sitting in the clouds, frowns broadly and gestures expressively with one hand. The large head, hands, feet, torso and legs of the bust are each made from an airtight molded piece of aluminum, then welded together in a single monolithic unit and painted. The face and hands are made from an extra-thick glass-reinforced red alloy. The bust stands 18 inches high. And that platform goes far beyond mere control of land, water, air or anything else. It is to ensure total control of the minds of those who stand on such platforms. The all-powerful words that appear on the order are: “Halt!” Capital Campaign Closed! The Federal government’s newest order condemning BAN’s work has just been sent out at last. It is a Death Sentence on all present-day work and the overthrow of the dangerous ideas that BAN is providing for peaceful, independent life. It used to be called “Civil War.” It was pretty grim and dangerous, for a while, there. Now it is “Surrender,” and that is pretty grim and dangerous for a long time, too. But the BAN counterrevolutionary movement continues under the name of “No War,” even though its members see it is spreading throughout the world. Now BAN members even operate under the name of

“Antiwar,” and in the name of a “Common Good,” even though the group’s idea of that Good is to
