With the arrival of the new Warfare 1 pack comes the ability to design more specialized, personal playstyles. All changes made to the base game are free. Warfare 1 update 1.4 "Ember" released on 13.08.2017: Combat Advances: 1.4 will introduce the new Combat Advances update. Improved the effect by which general weapons do deal damage on targets. Developed the first 1.4 patch with the last feature release of the Engineer's Radial builder 2.0. Improved the behavior of the protection upgrade. Reduced the security of the Armory system. Improved the overall game balance. System balance to adapted to the changes made for the first time. Incoming Fire chances reduced for Light weapons. Colors have been changed to indicate clearly the damage chance of a weapon. As always, as new features are being developed, we invite you to share your ideas about gameplay improvements. If you have ideas, please keep in mind that we can only implement them in the second half of the year, if we are satisfied with the results. We also want to thank you for your kind and constructive feedback, we read all the comments on the Steam forum, they are important for us. Note: This update does not affect the balance of the game in any way. System balance to adapted to the changes made for the first time. Gameplay balance to adapted to the changes made for the first time. This content is not pay to win and the owner of the package has no advantage against other players. If you decide not to purchase the Warfare 1 pack, but you want to play with friends or other players who did buy Warfare 1, you will still be able to join a multiplayer game or server with them and participate. What's new:

We do not own the text and graphics used in this group, We take no credit for them, We just use them to spread the love of The magical girl, Supernatural, Horror and Folk againts the vampire... A Tale of Mistakes, Fate & Friendship. (not the wand part, we do not own that...well we took it, but it was just borrowing it for the others, we did not mean to) A Tale of Mistakes, Fate & Friendship: Alice felt the shift more than anything. It was an uneasy feeling like floating head down in a sea of fog, feeling the breeze tickle her cheek, only to always find her submerged deep beneath. She was afraid to take a look, no matter what, she was still trapped. At least she could still hear, nothing was being sucked in any holes in her. Her friends would certainly notice if she started to turn into vampire. It hadn't happened during their little 'vacation', but to be totally honest, neither of them had paid much attention. They had gotten drunk, argued and made out well the night before and it had all been strictly a giggle for them. Shawn was the last to crawl out of his bed. Happy Birthday, Alice said as she gave him a hand up. You're 30. We should celebrate. "Ok, first question, What's for breakfast?" Shawn rubbed his eyes and asked. "What's there to eat?" "Well they bought a fresh pig, I think there is eggs and cooking things or something?" "Oh ok." "Precisely. Well In the breakfast bowls?" "Ummm, I'll check." Alice hopped down from the kitchen table where they had spent the night and walked to the hanging fridge, as she opened it she gagged slightly at the smell and stood perfectly still not moving a muscle. She closed the door hard and walked over to Shawn. "What's wrong?" "The smell, I think it's coming from your cup." Shawn looked at the cup and frowned. It had been there all night. Nobody had spilled anything in it. He lifted the lid to check and confirmed what Alice had suspected
