early in the play, iagos machinations against desdemona begin to develop more subtly, as he sees the need for the handkerchief, but hes put off by the hesitance of desdemonas reluctant husband. in his examination of the handkerchiefs provenance, othello builds up to desdemonas guilt by suggesting that bianca, too, used the handkerchief to make cassios love her. however, heres a catch: cassio used the handkerchief to make bianca believe he loved desdemonas, but not truly. hence, bianca could have dropped the handkerchief, and even if its real, it doesnt necessarily belong to cassio. desdemona sees iago as a vital part of her husband, and iagos return to othello for a final murderous ploy seems to reinforce the idea that they love each other. but ultimately othello recognizes the machiavellian nature of this relationship and sees desdemona as a pawn being manipulated by iago and the other actors. what they make of her is clear when roderigo enters to report that cassio has been murdered. from that point on desdemona finds herself in the spotlight. when she confronts iago to ask who killed cassio, she sees a manly security that she finds attractive. desdemona soothes her husband and pleads for time. her punishment for infidelity comes immediately: she is cast out of the house and accused of being equally guilty of the offenses. othello and iago repeatedly threaten desdemona with death. it is a short scene, and shows the urgency of the characters in their attempt to manipulate her. iago promises to kill desdemona to the tune of on, "ay by heaven, and there art thou slave! base slave, vile insect! o, be swift in thy revenge! make the inventor, thou self-loving fool, turn and turn: follow me close, for in my way i will make thee one-eyed, then woe to that other eye!" iagos, iago gets the revenge of his dreams: he makes othello jealous by asserting that he, iago, rather than othello, is the focus of desdemona's affections. iagos cruel words and his demonstration of his superiority to othello remind desdemona that her first husband is a dolt, and she willingly becomes his dupe. iagos threats turn desdemonas position of ownership on her own self. when othello accuses desdemona of sleeping with iago, desdemona accuses othello of the same.

because she cant find the handkerchief, bianca, cassio, and desdemona herself must produce the heirloom at iagos trial. in this, the venetian senator hes conniving to make bianca appear pure and iagos guilty, is also framing the handkerchief as a talisman, rather than an item to be handed around sexually. his goal is to turn desdemona against the accused, suggesting that in the deception of the handkerchief lies the possibility of her breaking apart her marriage as much as othello did. cassio represents the emotionally shallow, insensitive male, and iago the female counterpart. desdemonas handkerchiefs value to othello, based on her own words earlier in the play, is that it symbolizes the purity of his relationship. hence, the handkerchief comes to represent othello as much as desdemona does. by wearing a handkerchief while engaging in dishonest and immoral actions, cassio and bianca threaten to invalidate the true value of othello, as well as the marriage itself. the sexual connection, the value of which desdemonas beauty represents, only makes the crimes more demeaning. before bianca can produce the handkerchief for othello to see, desdemonas husband whisks it away. to try to recover the handkerchief, desdemona brings in emilia, who explains why she saw desdemonas handkerchief dropped on the floor that night. she then relates how desdemonas mother used it to charm biancas lover into loving desdemona, who responds with anger at the venetian woman. emilia later tries to convince desdemona to see bianca to apologize, but desdemonas only response is insincere, insisting she knows bianca is innocent. theres not a thread of evidence to prove biancas guilt, according to desdemona, so why should she go to see her? desdemona refuses, refusing, too, to speak to othello, who has been ominously silent since biancas testimony. desdemonas only recourse is to ask emilia to tell othello that she believes bianca to be innocent of cassios accusations. emilia is willing to do so, but desdemonas stay to the point that it upsets bianca even further, leaving her with the impression that desdemona doesnt trust her. later, othello confirms that desdemonas suspicions are correct, telling emilia to let him into the bordello as he snoops around, implying that he may be going mad. 5ec8ef588b
