

Diary of a Wimpy Kid Do-It-Yourself Book. A great opportunity has come up for me. What is the Diary of a Wimpy Kid Do-It-Yourself Book? Just click the links above to read more. But that's just the thing. This job offer came through unexpectedly and it's an opportunity I couldn't pass up, so you might be wondering why I'm up at night writing a book proposal I can't even share with my fiancée. What? She knows! It's the Diary of a Wimpy Kid Do-It-Yourself Book. I'm telling you, I wouldn't be able to live with myself if I didn't accept this job, so I may as well share it with you. I would definitely miss her if I refused the job, so I'm going to take this opportunity to send her to New York with lots of money to pay our wedding photographer. It's a win-win. That's the way I look at it. I know you're all going to have a hard time wrapping your minds around this because the Diary of a Wimpy Kid Do-It-Yourself Book is a book proposal, which doesn't exist yet. It's not just a book proposal though. I'm really going to do this. I'm excited about it. I'm even a little nervous. You see, despite the fact that I promised my fiancée I would be writing a book proposal and the fact that I've been working on this for three months already, I haven't shared it with anyone. I just keep thinking, what if I don't get the job? What if I fail? What if the book proposal sucks? These are the kinds of thoughts I'm thinking about as I lie awake and write this terrible book proposal. I feel so guilty right now, but it's too late to turn back now. I've already started. I'm going to finish it. And I'm going to get this job. As a matter of fact, I've already given my letter of resignation to the company I'm supposed to be working for. I'd hate to be the guy who lets the company down. It would have such a negative effect on my résumé. My career. My credibility.
